

Yuba-Sutter Amateur Radio Club, Inc.

A CALIFORNIA NON-PROFIT ORGANIZATION

P.O. BOX 1169

YUBA CITY, CALIFORNIA 95991

MAY 82
The Yuba-Sutter Amateur Radio Club, Inc. meets every second Tuesday of each month at the Red Cross Building on Garden Highway, Yuba City, 7:30 p.m. Officers and Board members meet the first Tuesday of each month, same time, same place. All members and friends are welcome.

Board members:

Bill N6FAB
Marjorie N6COQ
Barry KE6LW
Joe KA6FMR
Bill AJ6M

Officers:

Tom WD6CEM-President
Char KA6LIJ & Ken K6LYT-Vice Pres.
Lenore - Secretary (I forgot her call)
Barry KE6LW-Treasurer
Marjorie N6COQ-Newsletter

DUES: If you haven't paid your dues yet, please see Barry. They are being pro rated to the first of January. This will make the books easier to handle.

PIG PARTY: If you didn't attend the Pig Party on May 22nd, you really missed something great. The food was superb. The club came close to \$200.00 on the raffle. Lots of people went home happy with their winnings. I hope there will be more club activities of this nature in the future. It sure helps to get everyone to know each other.

NEXT GENERAL MEETING: You must have noticed Dave KA6FMH at the pig party with his huge video camera taking pictures of all the activities. It seems he was everywhere. It was hard to escape the eyes of that camera. He is going to bring the video tape to the next club meeting and show us what we look like in the movies.

SPECIAL EVENT STATION: On Saturday, May 15, several members traveled to the big city of Timbuctoo to set up a special event station. The champion contact makers were Char KA6LIJ and Ken K6LYT. Jerry and Jan, N6DDP & N6DDO are busy making out the special certificates to mail back to all the contacts that were made that day. Bill N6FAB did the design and printing of the certificates. They are really nicely done. Samples will be shown at the next meeting.

FIELD DAY: Tom WD6CEM is chairman of Field Day this year. If anyone has any equipment, antennas, coax, lamps, tables, anything that could be used for the weekend, please give Tom a call. The weekend of fun and work is going to be held at Bill WD6BFR and Leta KA6FUP Spoto's place above Nevada City on Highway 20. See the map for directions. Bring pot luck for the dinner on Saturday night. Last year, Emery NG6L drove 750 miles to arrive 15 minutes before the dinner was served. How's that for timing?

Last year we challenged the Oroville club for a trophy to see who could get the most contacts. They have again agreed to the challenge this year and another club has heard about the challenge and have joined in. The Chico club has also challenged us for this year's field day. After our Pres. Tom accepted the challenge, he found out they came in second in the state last year. Sounds like we have some terrific competition going, so keep the weekend of June 26 & 27 open and come on up and help make contacts. We are really going to have to work hard ALL night this year so the more operators we have the better.

There will be a work party at the Red Cross building June 12th to get the antennas, etc. ready for the big weekend. If you can help, give Tom WD6CEM a call and he can fill you in on time.

QCWA: The Quarter Century Wireless Association club in Paradise are having a luncheon again this year on June 13th. Smiley Morris will have his collection of radios on display. I was able to attend last year's event and it was fantastic. He has one of the first commercial rigs that was manufactured. It is so old that the Smithsonian Institution in D.C. has been after it. He has all sorts of antique radio gear as well as several new and modern pieces of equipment. If you would like more specific info, call Char KA6LIJ.

BOARD MEETINGS: The board members would like to remind everyone that the board meetings are open to all members. They would like to encourage more of the members to attend. At the last board meeting, Tom and Char resigned from the board because they were holding officer's positions and two new members were appointed. Bill AJ6M and Joe KA6FMR have agreed to take their place.

MENT'S MESSAGE: It sure seems like a lot has happened since our last g. All new officers, a very successful special event station, and er celebration for Clarence W6GCM on the occasion of his 50th year M radio. No relief in sight either with field day our next event in e, June 26th & 27th. We have been challenged by the Chico club for l contact points with a possible handicap system including the Oroville b. Come to the meeting June 8th and lets discuss our strategy. They ave their sights set on our trophy! We also have KA6FMH Dave coming with the Video Tape of the Pig feed so please plan to attend.

73s -- Tom --

NOTES FROM THE EDITOR: This has been a busy month and newsletter time sort of crept up on me. With a rental having to be totally renovated and two very inexperienced amateurs doing the work, the days just aren't long enough. Next month should be a little slower and I will try to get this out a little sooner. I have received some very good inputs for the newsletter and hope to include some of them each month. Anything anyone has to offer would be greatly appreciated. See you at the next meeting and at Field Day.

73s -- Marjorie N6COQ--
