LOVER (Lake Oroville Vista Endurance Ride).
Nov 9th – Potluck and election of officers.
Nov 11th – Communications Support for
Veteran's Day Parade.

Monday nights at 7:00 p.m. – weekly
net with swap shop and help sessions.
Monday nights at 8:00 p.m. – Butte
County ARES net on Chico repeater.

Wednesday ay 9:00 a.m. – coffee and
donuts at the Donut Shop corner of Gray
Avenue and Bridge Street in Yuba City.

Second Wednesday of each month at
7:00 p.m. – the ARRL Sacramento Valley
Section (VHF) Net.

Thursday nights at 7:00 p.m. – weekly
ARES net.

NEXT VE EXAM

The next VEC session will be Sept. 4th
at the Cornerstone Free Evangelical Church in
Yuba City starting at the usual time of 9:00 a.m.
Four to five VE are needed for the testing.
Contact Herb (W6HBU) if you can help out.

Please pre-register with Clara Ansley
(KC6JPP) if you are going to test, or if you know
of someone who is going to test have them
pre-register. As always, walk-ins are welcome,
but those who pre-registered will be given
priority.

**Please note: the new General Class
question pool started July 1st.**

Herb Puckett (W6HBU)

NEXT BOARD MEETING

The next Board Meeting will be at the
Waffle Shop in Yuba City. Visitors are welcome
to come and join us. Breakfast begins around
8:30 a.m. and the board meeting at 9:30 a.m.

Bring your suggestions, gripes and offers
to help as well as your appetite. The election of
officers for next year is coming up soon. We

VALLEY HAM NEWS

If interested in purchasing any of these items please contact Curtis (KF6VFP) at 743-3003 or preferably via email at kf6vfp@arrl.net.

BOARD MINUTES

No minutes this month. No board meeting held due to a lack of a quorum. Manna (KG6PNE) reports:

I went to - as it turned out - informal, not-enough-board-members - In-attendance - meeting on Saturday Aug 14, at the Linda Café. The result of the informal chatter was: I called The Waffle Shop At 590 Colusa Ave., Yuba City (kitty corner from Burger King - or - Old 'Sambo's Restaurant) (Colusa Hwy and Live Oak Blvd intersection Area). Our next meeting will be Saturday, September 18, 2004, at 8:30 am, at

The Waffle Shop Restaurant. I called and made the reservations. So, unless I hear back from them, that will be the place.

Submitted By,
Manna Whelchel (KG6PNE)

LOCAL HAMS HELP WITH FIRES

Several club members assisted with communications during the Oroville fire. Ron Murdock reported "We had two outstations (one at the shelter--two people) and one at the IC (Incident Command point) which had to be manned by Butte county folks, and one ncs at Red Cross HQ, which we manned around the clock. I had Paul do the honors several times from home while I had a Thursday shift from 7 am to 3:15 pm, proving that ncs does not have to be away from home. There was always someone at the radio, or near it, at Red Cross, in case they needed to be in the loop. The main thing is to have the ncs able to contact all outstations and supporting individuals, as in this case, with ECs in Butte, Placer, and El Dorado counties. The EC in Butte made the personnel assignments, using us as ncs so he didn't have to get another 3 individuals to do that. I am afraid this will not be the end of our fire season.

73, Ron

PRESIDENT'S MESSAGE

Greetings from Seoul, Korea. Rain, rain and more rain. One tropical storm has passed and three more are one the way.

It's been busy here, and from the looks of the news and emails, busy there. Thanks to all of you who are helping provide communications for the fires.

In November is the annual election of officers and board members. Please support the club by volunteering to fill a position. We need volunteers for President, Vice President, Secretary, Treasurer and five board members. These jobs are not difficult, any of us can easily fill the position and I for one would like to see more club members stepping into the positions.\

Curtis (KF6VFP)

SACRAMENTO VALLEY ARES UNITS GO ON HIGH ALERT FOR FIRE DUTY¹

Amateur Radio Emergency Service units in the ARRL Sacramento Valley Section of Northern California went on high alert this past week as firefighters continued efforts to contain and control the French Fire. Located 15 miles northwest of Redding, the French Fire, which broke out August 14, at one point resulted in the evacuation of French Gulch. As of August 20, the fire had destroyed 22 homes, caused a dozen injuries and consumed nearly 13,000 acres of forest lands and vegetation. The California Department of Forestry and Fire Protection (CDF) was estimating that the fire would be 90 percent contained by week's end. Sacramento Valley Section Emergency Coordinator David Thorne, K6SOJ, said he expected ARES to remain active at least through the August 21-22 weekend and possibly into the following week.

"If it runs into next week, I may be requesting assistance from the Northern Nevada District, Nevada Section," Thorne said August 20. The San Francisco Section--Humboldt County--already was scheduled to send ARES resources for the August 21-22 weekend.

Mutual assistance was in effect during the week to relieve exhausted operators, with ARES teams from Butte, Siskiyou, Placer and Nevada counties deployed to assist Shasta County ARES. District Emergency Coordinator Richard Cloyd, WO6P is the ARES incident coordinator.

Some 300 area residents evacuated because of the French Fire were allowed to return August 17. Amateur Radio provided necessary communication at the shelter for CDF and American Red Cross as well as for local authorities. At one point, a packet system was set up between French Gulch and the shelter, located at Shasta College, to provide for more secure communications.

One ARES member noted that CDF "was really relying on Amateur Radio" because the agency's own repeaters couldn't reach the fire zone.

The French Fire was one of three that ARES teams in Northern California have had to confront this month. The Bear Fire, which burned over some 10,500 acres, now is considered fully contained and controlled. It destroyed 80 homes

and 30 other structures in Jones Valley. ARES supported Red Cross Disaster Services with damage assessment and health-and-welfare support in that incident. Earlier in the month, ARES units assisted in the now-contained Oregon Fire in Butte County.

The French Fire has led authorities to close Highway 299 between Redding and Weaverville from time to time. When it's open, a pilot car is leading traffic through the area.

The ARES response in Northern California drew words of praise from former Sacramento Section Manager and Section Emergency Coordinator Jerry Boyd, KW7J (ex-K6BZ). "I continue to be impressed with how smoothly this whole complex operation is going," he told Thorne in an e-mail. "Please convey to all the admiration of the former SEC and SM." Boyd now directs the Baker County 911 Dispatch Center in Oregon.
